

300 DEGREE ASPHALT—365 DAYS A YEAR

KASI-4R

Four-ton Capacity *Asphalt reclaimer*

The Kasi-4R maintains four tons of plant mix asphalt at 300 degrees Fahrenheit for up to 48 hours. This unit also reclaims stockpiled asphalt (virgin or previously excavated). These features facilitate year-round patching of roads with permanent material.

In addition to supplying hot asphalt, the *4R* also provides the operator with a convenient 30" high shoveling platform from which to work.

The design, workmanship and materials incorporated in Kasi equipment are exceptional. The *4R* will provide many years of dependable service.

BUILT TO PERFORM • BUILT TO LAST • BUILT TO MAKE THE ULTIMATE REPAIR

Kasi Infrared Manufactures the finest infrared equipment .

We Combine *Industry*, *know-how* and *manufacturing Expertise* to build what you need.
